## **LIBYA EL HURRA CHARITY ORGANIZATION**

### **ABOUT LHC:**

Libya El Hurra Charity (LHC) is a non-governmental and non-profit charitable organization, founded within the first week of the peaceful demonstrations, calling for increased freedoms and democratic reforms in Libya. From its inception, LHC set out to provide humanitarian assistance to those in need, and has worked tirelessly to minimize the catastrophic effects on the human population. LHC's primary objectives are the mitigation and prevention of human suffering, and the empowerment of communities and individual participation in civil society works. In Libya LHC provides direct humanitarian assistance to those in need and coordinates aid efforts with local and international partners also operating on the ground. Moreover, we conduct extensive operations in both Egypt and Tunisia to provide humanitarian aid and medical support to the thousands who have fled the violence in Libya.

The current levels of medical services in the western region of Libya are struggling to meet the needs of war-wounded and other patients. The delivery of health care is frequently hindered by the security situation, the absence of medical supplies and equipment, and by the departure of health-care personnel. In addition, streets have been ravaged by hundreds of thousands of bullets and a variety of explosives.

Libya El Hurra Charity, in partnership with international organizations, seeks to assist the domestic Libyan population by providing some of the necessary institutional needs such as supplying food, water, medicine, medical supplies, psychological counseling, and encouraging the participation in basic public works projects.

Given the immediate humanitarian needs in Tripoli, Libya, LHC intends to open an office in the nations capitol and establish our charity headquarters in Tripoli, relocating it from its current location in Cairo Egypt.

- LHC Tunisia works closely with other agencies to distribute humanitarian aid in both Tunisia and western Libya. LHC works as a partner with the World Food Program (WFP) to distribute food shipments in Zarzis and Djerba as well as the Nafusa Mountains. We work closely with the United Nations High Commission on Refugees (UNHCR) to provide assistance and support to the Rimadah refugee camp. In the Rimadah camp we established an on-site medical clinic and pharmacy to ease the burden on the local hospital and offer round the clock services.
